Job Details

Description

As a national leader in the financial services marketplace, OneAmerica helps individuals, families and businesses protect what matters to them and prepare for retirement. For more than 140 years, our associates have been driven by building relationships that make a difference in each other's lives and to those that place their trust in us.

Join OneAmerica as an intern and be instrumental in delivering on our mission to be there when our customers need us most!

The program:

An internship with OneAmerica offers you the opportunity to gain hands-on experience in your targeted field while completing meaningful projects for our organization. In addition to building your professional foundation, you'll have the opportunity to network with peers and leaders across the enterprise, make connections within the Indianapolis community and develop relationships with lasting impact.

With our strong company values as a foundation, we give you the freedom and confidence to do your best. We'll help you grow, empower you to add value to those that depend on us, and provide opportunities for you to serve the community, build relationships, and have fun doing it!

What you'll do:

Actuarial internship duties may include:

Our Actuarial interns gain hands-on experience while completing meaningful projects for OneAmerica. In addition to building a professional foundation, our Actuarial Interns have the opportunity to network with peers and leaders across the enterprise, making connections within the community and develop relationships with lasting impact. With our strong company values as a foundation, we give you the freedom and confidence to do your best. We'll help you grow, empower you to add value to those that depend on us, and provide opportunities for you to serve the community, build relationships, and have some fun.

KEY RESPONSIBILITIES:

- Complete pricing, product development and valuation tasks

- Assist with financial reporting, financial projections and experience analysis
- Complete asset/liability management and industry-related research
- Observe and learn about business lines: Individual, Employee Benefits, or Retirement Services
- Look for improvements in methods and make recommendations
- Increase technical competence and interpersonal skills, while building good working relationships

Additional Details:

- 12-week paid summer internship
- 40 hours per week, Monday-Friday
- All work is expected to be hybrid in Indianapolis
- Housing stipends are available for eligible candidates

Requirements:

- Minimum of one year of college coursework completed toward a four-year college degree
- Preferred areas of study include: Actuarial Science and Mathematics
- GPA should be 3.5 or higher
- Excellent communication skills
- Attention to detail
- Strong math and analytical skills
- Proficiency in Excel and experience with Access is a plus
- Successful completion of one or more SOA Exam preferred

This selected candidate will be expected to work Hybrid in Indianapolis, IN. The candidate will also be expected to physically return to the office in IN as business needs dictate or for team-building and collaboration.

If you are offered and accept this position, please be advised that OneAmerica does not have any offices located in the State of New York and OneAmerica associates are not permitted to work remotely in the State of New York.

Disclaimer: OneAmerica is an equal opportunity employer and strictly prohibits unlawful discrimination based upon an individual's race, color, religion, gender, sexual orientation, gender identity/expression, national origin/ancestry, age, mental/physical disability, medical condition, marital status, veteran status, or any other characteristic protected by law.

For all positions:

Because this position is regulated by the Violent Crime Control and Law Enforcement Act, if an offer is made, applicants must undergo mandated background checks as a condition of employment. Such background checks include criminal history. A conviction is not necessarily an absolute bar to employment. Consistent with applicable regulatory guidelines and law, factors such as the age of the offense, evidence of rehabilitation, seriousness of violation, and job relatedness are considered.
